

## HPS Vigour

Buzwair Industrial Gases is proud to announce it is now the official agent for Vigour Specialty Gas Regulators in the Middle East and Northern Africa.

HPS Vigour has been expanding rapidly with new partners all over the world including Germany, U.S.A, China, Malaysia, Thailand, Singapore, and Korea.

When using high purity gases and gas mixtures, it is vital that you select the right equipment. Buzwair Industrial Gases ensure that Vigour regulators and equipment are specifically created and engineered so the gas reaches the point of use at the exact required purity, concentration, pressure and flow rate.

For more information on the complete product range, product features and technical data from Vigour please visit their website: [www.vigourco.com](http://www.vigourco.com)

Here are just some products we have to offer:

### Cylinder Pressure Regulator

- Brass chrome plated body and bonnet for non-corrosive gases and mixtures up to grade 6.0N
- Stainless Steel 316L body and bonnet for corrosive and toxic gases.
- 6 Port flexible configuration
- Stable outlet pressure
- Simple outlet pressure limitation by hand wheel
- Inlet filter

### Dual Stage Regulator

- Brass chrome plated body and bonnet for non-corrosive gases and mixtures up to grade 6.0N
- Stainless Steel 316L body and bonnet for corrosive and toxic gases.
- Simple outlet pressure limitation by hand wheel
- Inlet filter
- Stable outlet pressure

### Line and Panel Mounting Pressure Regulator

- Brass chrome plated body and bonnet for non-corrosive gases and mixtures up to grade 6.0N
- Stainless Steel 316L body and bonnet for corrosive and toxic gases.
- 4 Port flexible configuration
- Simple outlet pressure limitation by hand wheel
- Stable outlet pressure
- Inlet filter

### Pressure Reducing Regulator

- High pressure, high flow
- Brass chrome plated body and bonnet for non-corrosive gases and mixtures up to grade 6.0N
- Stainless Steel 316L body for pharmaceutical, food and beverage application.
- Simple outlet pressure limitation by hand wheel
- Self-ventilating standard.
